

This information was reviewing our old site pinoyathletics.com

Facebook Page

We are moving most of our activity now to the [Facebook Page](#). We suggest you visit and click 'Like' in order to receive updates as we will no longer be posting them at the Facebook Group anymore.

The group also has a [forum](#) where we plan to increase interactivity and will be moving some of the old discussion threads from Pinoyathletics Facebook group to this forum to engage in continual discussions concerning the sport.

The other way you can stay updated is by following [@pinoyathletics](#) on Twitter.

July 2013 Report

Collegiate Survey on Sports

The Survey is eight very quick questions.

Sacramento State University seal (Photo credit: Wikipedia)

Good day milers! I am a Fil heritage athlete that ran at CSU Sacramento in California. My best times were 1:49 in the 800 and 3:49 in the 1500. Currently, I am coaching track and cross country at CSU Long Beach in California and coaching a year at CSU Sacramento as well back in 2009.

I need to get as many people who attended a junior college to fill out this 5-10 minute survey, so I can make a track and cross country website for a junior college in California. This is the only thing standing in my way to get my master's degree in sport management from CSU Long Beach in August. Your participation in this survey will be greatly appreciated.

THE SURVEY IS NOW CLOSED JEFF PANEDA WOULD LIKE TO THANKYOU ALL FOR PARTICIPATING. AND WILL PROVIDE THE RESULTS LATER.

Thanks in advance. Hope you have a good day and that this site continues to grow. Big ups to Pirie running this website and for posting my survey on here.

2013 June Report

Pinoyathletics info zero tolerance towards plagiarism

We would like to request that our readers report any breaches of plagiarism found on the internet or in any other media such as newspapers. Whether it be Filipino Newspapers, blogs or other sources.

As of now only the [Manila Standard \(Peter Atencio\)](#) and [PATAFA](#) has permission to use information considered original content of [pinoyathletics.com](#). Some of our older information is shared with [pinoymiler.wordpress.com](#) as Pirie Enzo was/is a contributor to that website also. Some authors also hold the right to issue permission on their individual articles.

Pinoyathletics.com has zero tolerance towards plagiarism. In light of recent circumstances we have decided to outline our policies in regards to [Plagiarism](#).

We have the following in place. Official Athletic results of meets and meet records are considered acceptable material to copy and paste.

However unique information such as Ranking Lists, Legendary Athlete profiles, articles and anything else which is considered the original work of Pinoyathletics.com falls under our copyright clause. We will have absolutely zero tolerance to those who plagiarise or patch work paraphrasing our work. Plagiarizing involves copying or pasting some or all of an articles while patch work paraphrasing involves simply restructuring the order of words but using the same idea.

This is our policy and procedures below

1. Permission must be obtained from pinoyathletics.com by sending an email to pinoyathletics@gmail.com requesting which information the applicant would like to use. We will either approve or deny such a request.
2. Once permission is obtained in most cases we will only allow the first two paragraphs of an article to be used with a link to the page article url. We would also like the original author acknowledged in the article.
3. If part of an article or idea is used we request that the quotation be attributed to pinoyathletics.com and/or the original author.

If we find a breach in our policy

1. We send a warning to the offender requesting the information is removed, revised and/or the original author is acknowledged if deemed necessary.
2. If this is not complied or the responder ignores our request we may proceed with legal action.

3. If it is an offending group or individuals second offense we may issue a letter stating we will progress with further legal action.

2012 December Report

By Pirie Enzo

(24th Dec) December has been a very mixed month in terms of views. With the year nearly over a lot of changes and revisions will be made to Pinoyathletics structure which you will find out about shortly. The first half of the month due to the UAAP had alot of site traffic. We were greatly helped by the results being provided as well as videos of events in a timely manner by our contacts on the ground.

We have an anticipated 15,000+ total views predicted for this month which would be good progress however site traffic seems to be slowing now due to the Christmas break.

Milestones

- Weekly record from Dec 3-9 of 4465 views (UAAP week)
- Weekly view average record Dec 3-9 of 638 views (UAAP week)
- 506 Monthly views average so far (hopefully doesn't decline)
- growth of 30.59% viewership during UAAP week
- 2 days with over 700 visits
- four pages/posts now over 1000 visits (Stats, Results, Toe Drag and History of High Jump)
- 33 articles now over 300 visits (up from 16 last month)

November Report

By Pirie Enzo

(24th Dec) November overall was slightly better than October. We didn't have the overall increase as we had expected after October for this month. Still however we had 13,782 views in total beating the previous month by about 190. As this has been written late some of the results to report has gone and some milestones will carry forward to the following month.

Mile stones

- 13,782 site record for (monthly record) views (7th month of production)
- Nov 24 877 views (daily record)
- Highest daily average record 459 views

October Report

Pirie Enzo

(Oct 28) October was a more productive month for pinoyathletics.com. With October not yet over we have already exceeded our monthly record with over 12,000 views as of today. As stated above we are looking at expanding our content by adding new guest authors to our team. Already as mentioned above we had articles by three guest authors. Airlen is also back in action after defending and completing his thesis.

Some Notable mile stones for October include

- Monthly record views over 12,000 and counting
- Weekly record 3,434 probably exceeded at the end of today
- Three days with over 700 daily visits
- Toe Drag by Adarian Barr first article to receive over 1000 views
- Highest daily average views this week of 535
- 16 articles/pages with over 300 views.

September Report

Pirie Enzo

The Site did very well, in what was deemed a very quiet month in terms of Philippines Athletics to improve with about 500 more monthly visits. Pretty much even to the number of visits we had in August. This was good considering August was the month of the [Olympic Games](#). Things are expected to pickup with a lot of major calendar meets starting including the Uni Games Oct 24-27 in Bacolod, around 30 athletes being sent to Thailand Nov 2-5, Weekly Relay Finals and [UAAP](#) in early December.

No updated news has been placed on the Philippine Nationals originally scheduled for second week of May then postponed to September and now being held in December. Who knows how this is even going to be possible with in such nearness to UAAP and Christmas?

Some notable milestones in September include

- A Record '790' views in a day on September 16. '3142' views in Week three with an average of 449 daily views.
- A lot of redundant article with low readership have been merged into larger more detailed articles. We continued to add to our legend section with articles on [Elma Muros](#), Josephine de la Vina, and on the late Inocencia Solis, and the late Nanette Lusterio.
- We added articles on Fil-Heritage athletes such as Alyana Nichols and others.
- The result section was greatly updated with more archived results, and we continued with our Athlete of the week with full scaled reports on each round of the Weekly Relays.
- We also added a complete listing of Filipino National Records
- A project with the revision of the UAAP and NCAA records is underway.
- Several articles very helpful articles such as 'Toe Drag for sprinters' and 'shoulder rotation' where contributed by guest writers.

August Report

Pirie Enzo

Airnel Abarra with Augustus Ceasar

August was a very busy month for the team at pinoyathletics.com. With Airnel Abarra (kuyair) in Germany. It was a very busy yet rewarding second month of operation.

As you may have all noticed the blog is now registered as a domain. pinoyathletics is now pinoyathletics.com. Don't fear however as you can still use pinoyathletics.wordpress.com if you have links as this will automatically redirect to pinoyathletics.com.

We had the buildup to the Olympic Games, The Olympic Games themselves, fortunately we had a huge back log of local athletics to fill as well as coverage of the Weekly Relays with are athlete of the week polls. Readers enjoyed reading about Rene Herrera, [Marestella Torres](#), and Nash Nalus this month in local athletics.

Recently we have added a Legends of [Track and Field](#) section, now we have articles on four legends in place. Olympic bronze medalists Simon Toribio and [Miguel White](#) too wonderfully written articles by fellow blogger Joboy Quintos (Hurdler49) and two articles I have compiled from various sources on Lydia De Vega Mercado and Mona Sulaiman. Stay tuned as next week we will write a feature on the late sprinter Enrique Bautista a superstar of Philippine Athletics during the 1960s.

As well as that I have also put in are archives sections [SEA Games](#) results in full for Athletics from 1977 to 1989 (excluding 1987).

I would like to take the time to thank as of recently Ignacio Dee (who was part of the research team which assisted the previous PATAFA Statistician the late Col. Constantino), Jad Adrian Washif (SEA Statistician) who is sending me photo copies of a very rare book of stats from 1974, and the Gintong Aloy Athletes for inviting me to their group as of recently. Also a special thank you to anyone who has contributed to the blogger and the readers.

The WordPress.com stats helper monkeys prepared a 2012 annual report for this blog.

Here's an excerpt:

19,000 people fit into the new Barclays Center to see Jay-Z perform. This blog was viewed about **67,000** times in 2012. If it were a concert at the Barclays Center, it would take about 4 sold-out performances for that many people to see it.
